Petition to end the keeping of whales and dolphins in captivity

Signatories to this petition do not believe that whales and dolphins in captivity are subjected to a suitable environment as required by the Directive 1999/22/EC*, and therefore request an immediate ban on the construction of new dolphinaria and a prohibition of the trade in whales and dolphins in the **EU Member States, EU Applicant Countries, Turkey, and Switzerland**.

The capture of dolphins, their trade, and keeping in captivity cannot be justified from an animal welfare or species protection point of view.

* relating to the keeping of wild animals in zoos
